

Book 1 of a 4+ Series

Featuring:

- A billionaire heiress
- Her mistress and best friend
- Her husband
- The lies that bound them now threaten to tear them apart

Summary:

Self-inflicted punishment after a brutal act of vigilante justice shatters nearly perfect lives. Exposed long-kept secrets force everyone involved to question who they are and what their relationships can become. When the truth about a new potential slave is revealed, death for some is the only way to guarantee life for others. Book 1 launches a dark, adventurous, graphic erotic romance featuring a trio immersed in the depths of a BDSM lifestyle.

Unique Kage Bio:

Unique Kage is a voice that questions “normal.” These stories probe love, conviction, and loyalty through the messy realities of polyamory, unapologetically graphic BDSM, and an examination of what consent means. There are no tidy morals, only characters forced to confront who they are when the rules bend, and honesty hurts.

Kage builds worlds where control, consent, and desire collide in brutal, beautiful ways. If a peaceful future exists, it won't be found in the status quo; it may be found by questioning what we've been told is sacred.

Q & A + FAQs:

- 1) Question: Why dark, graphic BDSM?
 - a. Answer: I start with the taboo because extremes reveal shades of gray faster than polite/vanilla scenes do.
- 2) Question: Book 1 feels darker than the rest – intentional?
 - a. Answer: Yes. Book 1 is the inciting trauma that establishes stakes; later volumes shift to psychological and relational fallout while staying intense.
- 3) Question: Who is the ideal reader?
 - a. Answer: Adults who want emotional risk with erotic intensity—readers comfortable with moral ambiguity and a taste for boundary-pushing romance.
- 4) Question: What do you want readers to take away?
 - a. Answer: That love and loyalty can be fierce and messy, and confronting what's “sacred” is often where truth hides.
